

ARCLIF INDIA  
THESIS AWARDS

# AITA 2021

# ABOUT AITA 2021 AWARDS

The national level online contest is open to all recent graduates in architecture. Contestants are invited to register with [www.arclif.com](http://www.arclif.com) and post their projects in our website to participate in competition. They need to select competition from options available in post and select AITA 2021. Contestants can create post and upload submission images with appropriate description on their project up to 200 words.

PowerPoint presentation from contestants will be received through our email [support@arclif.com](mailto:support@arclif.com) to shortlist for finals.

# ABOUT ARCLIF

Arclif.com is an online architecture service platform founded in 2016 in vision to connect Architects, Designers, Engineers and Building material suppliers closer to Home seekers with their products and services across the world considering the scenario in Construction industry. Arclif has since then evolved and grown as one among the best online platforms to find home designs across the globe changing life of Home seekers. Arclif provided a space for Architects and interior designers in acquiring more followers/home seekers by showcasing their works through online platform with latest products and technologies.

Considering the huge costs involved in sales and marketing of building products, we have made it easy for Suppliers to showcase their products and increase the reach among the end home buyers. We understand that owning a new home you dreamt requires careful planning and thus we strive to honour this emotional and financial investment with superior service ensuring our home seekers are provided with the best solutions to all their design needs from architects and designers through our online platform.
